Time to WORK!

The boat yards are buzzing with repairs. We need to focus on VE's and MDV's. RBS is everyone's mission. How we get to know our customers is through strong relationships. Go out and talk to the public, on the boat ramps, in the stores, at the Marina and at the boat yards. Be the reason the public start the year out safely. Grab a partner work as a team. See you on the water!

Once again the Stockton Flotilla raised the bar in having Gold Side on Patrol. MK2 Parker was the next Gold Side member to catch a ride with the Auxiliary. Partnership between Rio Vista and the Stockton Flotilla is growing stronger each and every day. Efforts made in understanding the problems with all have; helping each other to work as a team. Learning the new “GAR 2.0” also a welcome knowledge from these young coasties. We are honored to have them as our guests, teachers and friends aboard our fleet of Facilities. As the weather turns to warmer times we encourage everyone to work with these men and women in blue. Great thanks goes out to Tommy Holtzman and Frank Cavazos for crewing on this day!

West Marine Vendor Day! Stockton Flotilla hard at work; being the reason Boaters are safer here on the Delta.

RBS is job number one! This event's efforts are for Public Affairs at West Marine. The Stockton Flotilla and West Marine have had a on going partnership over this pass year. Mostly focus on Public Education and a toy drive at Christmas for the Gold Side; so we are excited to assist them with a store event. The best part of the day was a new partnership with the Freedom Boat Club. We will soon be teaching members the ABS class so they will be able to get their Boating Card.
